Copy of a Letter from Vice-Admiral Sir James Saumarez, Bart. and K.B. to John Wilson Croker, Esq. dated on board the *Victory*, in *Hawke Road*, 12th August 1812.

SIR,

YOU will please to lay before my Lords Commissioners of the Admiralty, the enclosed letters, which I have received from Rear-Admiral Martin, dated the 4th and 5th instant, stating the arrival of the Russian flotilla of gun-boats at Riga, also detailing his proceedings, and stating intelligence of the operations of the armies, and an account of a severe action between Count Witgenstein's corps and Marshal Oudinot, in which the latter was defeated, with the loss of three thousand prisoners and some cannon.

I have the honour to be, &c.

(Signed) JAS. SAUMAREZ.

Riga, 4th August 1812.

THE Russian gun-boats, so long expected, and at one time so anxiously desired, arrived here on the 31st ultimo, and now form a most important acquisition to the defence of the place.

The way Captain Stewart has conducted himself in the command of the Russian and English gun-boats, is highly praiseworthy, and his unremitting activity, so creditable to the country, has been willingly imitated by the officers and men of the *Aboukir* and *Ranger*, who are placed under his orders; they have unquestionably kept the enemy from crossing the river, at the falls above the town, where a body of infantry and horse still remain entrenched; the only time they ever advanced towards

the boats they were dispersed in a very few minutes, after losing five men and two horses killed.

General Cravart, who commands the troops of the enemy in this neighbourhood, during the absence of Marshal Macdonald, sent, on the 27th ultimo, to summons General Essen to surrender, assigning as a reason for doing so, that his battering train would arrive in the course of a fortnight.

There has been a sharp affair in the neighbourhood of Witepsk, where it seems a strong division of the enemy crossed the Duna, and attacked part of the corps of Prince Bagration; but they were repulsed, and pursued across the river to the distance of several miles. The enemy sustained a considerable loss in killed and prisoners, most of them Wirtemberg troops; the Russian loss is not mentioned, except that a General Okuloff was killed.

T. B. MARTIN.

Sir James Saumarez, Bart. &c. &c. &c.

SIR,

Riga, 5th August 1812.

I HAVE infinite satisfaction in acquainting you, that a messenger is arrived from General Count Witgenstein, stating, that a severe action was fought between his corps and that under Marshal Oudinot, on the 30th and 31st ult. in the neighbourhood of Polosgh, or Poloch.

It appears that Oudinot had crossed the Duna, and was marching with a view, it is supposed, of coming round upon Riga, and cutting off the communication with Saint Petersburg, when Count Witgenstein commenced a most spirited attack, and obliged him to re-cross the river, with the loss of three thousand prisoners and some cannon.

The fighting had been very sharp, and the Count was pursuing the enemy when the courier came away.

The loss of the killed and wounded is not mentioned on either side, except that General Kulnieu of the Russian hussars is killed, and Count Witgenstein slightly wounded.

An official report of this action will probably be published in the course of this evening, and I shall forward it to you to-morrow by a vessel going to Hano.

We have no accounts from the main army since that of the 29th ultimo, which mentioned Prince Bagration having driven the enemy across the river.

I have the honour to be, &c.

T. B. MARTIN, Rear-Admiral.

Sir James Saumarez, Bart. &c. &c. &c.

P. S. I have this instant received the enclosed from General Essen, confirming what I have stated respecting this affair.

(Translation.)

SIR, *Riga, 24th July (5 Aug.) 1812.*

I HASTEN to communicate to your Excellency the intelligence I have just received from General Count Witgenstein. He informs me, that on the 18th and 19th instant, (30th and 31st July), he gained a complete victory over Marshal Oudinot. The battle took place between Schebesch and Pölitzk. Three thousand prisoners, two cannons, and a quantity of baggage and ammunition, are unequivocal proofs of his victory. The Count writes, that he is in pursuit of the enemy, and that his advanced-posts are hourly sending in fresh prisoners.

Being desirous of transmitting as soon as possible this agreeable intelligence to General Suchtelen, I venture to request your Excellency will forward the inclosed to him by the earliest conveyance. In case you should not at this moment have any vessel disposeable, Colonel Ballabin will move Admiral Schesihenkaff to supply one.

I have the honour to be, with high consideration,

Your Excellency's most obedient,

humble servant,

ESSEN, Governor of Riga.

To Rear-Admiral Martin.

Stamp Office, London, 15th August, 1812.

Notice is hereby given, that an Act was passed in the last Session of Parliament, to amend the Act of the forty-fourth year of His Majesty's

reign, for granting Stamp-duties in Great Britain, so far as regards the duties on Medicines, and on Licences for vending the same; and that the duties granted by the Act of the 44th Geo. 3. cap. 98, are, from the 1st of September next, to attach upon the several medicines and medicinal preparations and compositions, set forth or described in the schedule annexed to the new Act, which includes Soda-Water, and all powders and compositions for making it, as well as many articles not specially named in the former Act.

A penalty of 10l. will be incurred by every person who shall sell, or expose to sale, or offer, or keep ready for sale, or buy, or receive, or keep for the purpose of selling by retail, on his own account, or on account of any other person, any packet, box, bottle, pot, phial, or other inclosure, containing any of the articles liable to duty, without paper labels, duly stamped, being sufficiently fastened or affixed thereto, as the law requires.

And a penalty of 20l. will be incurred by every person who shall sell, or expose to sale, or keep ready for sale, any of the said articles liable to duty, without taking out a Licence from the Commissioners of Stamps, for that purpose, annually, within one month after the 1st of September, on which day all licences previously granted will expire; except, victuallers and others, who shall only sell Soda-Water, or other artificial water, to be drunk in their houses or shops, and which shall actually be drunk therein, provided the same be sold in bottles, with labels duly stamped properly affixed thereto, as the law requires.

Information having been received, that many Druggists and others keep ready for sale, and sell, several sorts of Lozenges and other articles, liable to the Medicine Duty, without stamped labels thereon, this notice is given, that all persons concerned may conform to the provisions of the new Act and of the former Acts therein referred to, and avoid the penalties, for which they will otherwise be prosecuted.

By order of the Commissioners,
Wm. Kappen, Secretary.

Navy-Office, August 21, 1812.

THE Right Honourable the Lords Commissioners of His Majesty's Treasury having appointed money for the payment of Half-Pay to Sea Officers from the 1st January to the 30th June 1812, according to His Majesty's Establishment on that behalf; these are to give notice, that the several payments will begin to be made at the Pay-Office by the Treasurer of His Majesty's Navy, at ten o'clock in the morning, on the following days, viz.

On Monday the 31st instant, to Admirals, Captains, and their Attornies.

On Tuesday the 1st and Wednesday the 2d September, to Lieutenants and their Attornies.

On Thursday the 3d September, to Masters and Surgeons and their Attornies.

After which the list will be recalled the first and third Wednesdays in every month, that all persons may then and there attend to receive what may be come payable to them, and not only bring with them

the affidavit required, touching their not having enjoyed the benefit of any public employment either at sea or on shore, during the time they are to be paid their Half-Pay, but also to produce certificates that they have subscribed to the Test, and taken the Oaths of Allegiance, required by Act of Parliament to His present Majesty; and in case any of the said Officers should not be able to attend themselves, but employ Attornies for that purpose, that the said Attornies do produce the like certificates and affidavits from the persons they are employed by.

Where Officers are abroad on leave, their agents are to produce attested copies of such leave, before the Half-Pay can be paid.

And as by Act of Parliament, passed in the thirty-fifth year of His present Majesty's reign, entitled, "An Act for establishing a more easy and expeditious Method for the Payment of Officers belonging to His Majesty's Navy," it is enacted by the twentieth clause of the said Act, "that if any Commissioned or Warrant Naval Officer who shall be entitled to receive Half-Pay, and shall be desirous to receive and be paid the same at or near the place of his residence, he may apply to the Treasurer of His Majesty's Navy, in London, to have such Half-Pay paid at or near the place of his residence, &c. in the manner pointed out by the said Act;" notice is hereby further given, that the Half-Pay, ending the 30th day of June 1812, will commence paying on the 31st instant; and all persons desirous of having their Half-Pay remitted to them, may apply as above directed.

R. A. Nelson, Secretary.

Trinity-House, London, August 20, 1812.

NOTICE is hereby given, that the High Light-House erected on Hurst Beach, to serve as a leading mark with the old Low Light-House, being now completed, a light will be exhibited therein for the first time on the night of Thursday the 27th instant, and continued constantly in the night season, for the benefit of navigation.

The High Light-House bears from the Low Light-House N. E. b. E. $\frac{1}{2}$ E. by compass, distant 755 feet, and a strong oil light will be exhibited in it, 25 feet higher than the light in the Low Light-House, which latter will be a light of equal brilliancy, and 30 feet above the level of the sea.

In sailing through the Needles Channel, keep the two Light-Houses in one, or (at night) the High Light directly in a line above the Low Light, which will lead ships over the Bridge, in a safe channel in five fathoms at low water, and very near in a line with the S. E. side of the Shingles, which is steep to, and must be considered as the boundary line; therefore the High Light must never be brought to the left, or north-westward of the Low Light; but as soon as the light on the Needles Point bears S. E. you may open the High Light a little to the south-eastward of the Low Light, so as to give a birth to the Shingles as you proceed on to Hurst Beach.

The two lights will appear only to the westward; but a light will be shewn from the old Low Light-House, for the navigation above Hurst Point.

A chart with sailing directions will shortly be printed, and distributed to the Masters and Pilots of vessels at the several ports.
