COURT OF CLAIMS.

NOTICE is hereby given, that the meeting of the Commissioners of this Court, which stood appointed for Monday next, the 30th day of July instant, is postponed until further notice.

Admiralty-Office, June 25, 1821.

THE Lords Commissioners of the Admiralty being desirous of increasing the number of chronometers for the use of His Majesty's Navy, and of encouraging the improved manufacture of that important article, do hereby give notice, that a depôt for the reception of chronometers is opened at the Royal Observatory of Greenwich, where the makers will be permitted to deposit their chronometers, in order to their being tried, and ultimately, if they should be found worthy of selection, purchased for the use of the Navy, or of being disposed of by the proprietors to private purchasers.

And for further encouragement, their Lordships will purchase at the end of each year, the chronometer which shall have kept the best time, at the price of £300, and the second best, at the price of £200, provided that there have been above ten chronometers in the competition, and that the said best chronometers shall keep their rates within certain limits to be hereafter stated; the other chronometers their Lordships may purchase as they may think proper, at such sums as may be agreed upon with the makers. And their Lordships have reason to expect, that their annual rate of purchase for some years to come will be not less than ten chronometers in each year.

Every facility will be afforded to the makers who may place their chronometers in the depôt, for disposing of any of them to private purchasers; and every information will be afforded to purchasers as to the rates of going of the chronometers, of which a strict account will be kept under the direction of the Astronomer Royal and Board of Longitude.

The further conditions and regulations connected with this arrangement may be learned of the Astronomer Royal at Greenwich, or of the Hydrographer of this Office. J. W. Croker.
