

Trenches the next Day. And that Prince *Louis of Baden* continued his march with 6000 Germans to join the Militia of *Croatia*, and afterwards to attack *Gradska*. The Bavarian Forces arrived the 3d Instant at *Erdeudi*; where they intended to pass the *Danube*. *Siseth* and *Canisa* are very closely blocked up. We have Advice that the Turks have 20000 men in a Body at *Belgrade* under the Command of *Yegben Baffa*.

*Brussels*, July 23. The Letters we have received since our last from *Cologne* give an account, That the great Chapter of that City proceeded on Monday last to the Election of an Archbishop; That of the 24 Canons that have Voices, 13 were for the Cardinal of *Furstenberg*, 9 for Prince *Clement of Bavaria*, one for the Prince of *Neubourg*, and one for the Count of *Rechim*; That the Cardinal pretending to be duly chosen, as having the Majority, was afterwards proclaimed Archbishop of *Cologne* in the Quire of the Metropolitical Church; Against which those that were for Prince *Clement* made a formal Protestation, alledging, That the Cardinal, as being Bishop of *Strasburg*, could not, without the Pope's Dispensation, be chosen but by Postulation, which required two thirds of the Electors to be for him, and that it was sufficient for the Election of any other to have 9; in case the Voices were divided between two; but if they were divided among several, it was necessary that he that was postulated should have double the number than any other had; So that Prince *Clement* having 9 Voices, and the Cardinal but 13, he was by virtue of his Holiness's Dispensation duly Elected. And that accordingly the next Day the Election of Prince *Clement* was likewise proclaimed by those of his Party; And a Publick Rejoycing was made by the Envoy of *Bavaria* on that Occasion. It's said the Cardinal has put 5 Companies more into *Bonne*.

*Paris*, July 21. On Monday last Mr. *Skelton*, Envoy Extraordinary from His Majesty of *Great Britain*, made here a publick Rejoycing for the Birth of the Prince of *Wales*; There was a great Firework before his House on a Theatre illuminated and adorned with Statues, Emblems, Devices and Inscriptions, which was Fired with the noise of Trumpets, Kettle Drums and Haurboys; After which he gave an Entertainment to all the Foreign Ministers, and to a great number of Persons of the first Quality, in the Castle of *Montrouge*, which was every where illuminated; There were 4 Tables, each for 24 Persons, served at the same time: Great with Abundance and Magnificence, and the Feast ended with a Great Ball which lasted till next morning. The King went the 21<sup>st</sup> to see the Troops of his Household, who are encamped in the Plain of *Acheres*. The Marquess d'Amfreville is made Lieutenant General of the Kings Naval Forces, in the place of the Marquess de Preuilly d'Humères who dyed lately.

*Paris*, July 24. On Wednesday last arrived here an Express with the news that the Cardinal *de Rurstemberg* was the 19<sup>th</sup> Instant chosen Archbishop of *Cologne*, he having 13 Voices, and Prince *Clement of Bavaria* 9, and that he had accordingly been proclaimed in the Metropolitical Church, and had taken possession; But that the Election was disputed by those that appeared for Prince *Clement of Bavaria*. We have Letters from our Fleet before *Algiers*, dated the 5<sup>th</sup> Instant, which Advise, That they had shot above 2000 Bombs into the Town, which had done there a great deal of damage; But that the Day these Letters were written, a storm of Wind had obliged our Ships to quit their Station, and to stand off to Sea. It's said that the Algerines have exercised great Cruelties upon the French Slaves that were in their hands. The Letters from *Italy* give a very lamentable account of the City of *Naples*, which is almost ruined and deserted by its Inhabitants.

*Hague*, July 20. Yesterday the Marquess d'Alberville, Envoy Extraordinary from His Majesty of *Great Britain*, solemnized the Birth of the Prince of *Wales* with Extraordinary Magnificence. The Day began with the distribution of Bread, Wine and Money to above 600 poor People; and after a discharge of 50 small Pieces of Cannon Planted before his Door, High Mass was Celebrated, at which several Foreign Ministers were present, from whence they went to a splendid Dinner at the House of *Nassau*, (prepared for this occasion) where there were four Tables, each for 24 Persons, served at the same time, and attended with the choicest Mulick this Country could afford; In the streets were 4 fountains which ran with several sorts of Wines, guarded by a Company of Foot to prevent all manner of disorder. At Night there was also prepared a Supper of no less Magnificence; and after that the Fireworks began, being placed on a large Theatre in the *Viver*, with an illumination, which surprized and extremely delighted all the Spectators; the House, with the many Pyramids of Gilded Rainbeaus that were placed before it, and the multitude of lights in the Windows, Chimneys, and other

Places, seeming to be all on Fire. The whole was performed in a manner that afforded great Admiration as well as Satisfaction to all the Company, among whom, besides the Foreign Ministers, were divers of the States General, Officers of the Army, and other Persons of Quality of both Sexes; And it may be very justly laid, That there has not been seen a more Noble and Magnificent, as well as a better Ordered Entertainment.

We cannot here give an account of the several Figures and Machines, with the vast number of Rockets and other Extraordinary Fireworks that made up this Splendid Diversion, but must only say in General That they all succeeded to the great Satisfaction of their Majesties and all that saw them.
