The KING has been pleased to give and grant unto Admiral Sir John Rushworth Jellicoe, G.C.B., G.C.V.O., Commander-in-Chief of the Grand Fleet, His Majesty's Royal licence and authority to wear the Insignia of the Third Class of the Order of Saint George, which Decoration has been conferred upon him by His Majesty the Emperor of Russia in recognition of valuable services rendered by him.

Whitehall, August 25, 1916.

The KING has been pleased to give and grant unto Vice-Admiral Sir David Beatty, K.C.B., K.C.V.O., D.S.O., Commanding the Battle Cruiser Fleet, His Majesty's Royal licence and authority to wear the Insignia of the Fourth Class of the Order of Saint George, which Decoration has been conferred upon him by His Majesty the Emperor of Russia in recognition of valuable services rendered by him.

Whitehall, August 25, 1916.

The KING has been graciously pleased to award the Decoration of the Albert Medal of the Second Class to Lieutenant Sidney Albert Rowlandson, Mechanic Staff Serjeant Thomas Michael Walton, Private Alexander Anderson, and Private Joseph Thomas Lawrence, of the Army Service Corps, serving in France, in recognition of their gallantry in saving life.

On 2nd May last, whilst a German 21-centimetre shell, in which several holes had been bored, was being “steamed” in a laboratory for the purpose of investigation, the box of shavings in which it was packed caught fire. The officer in charge of the laboratory at once sent for help to the nearest Army Service Corps fire station, ordered all persons to leave the building, and warned the inhabitants of the neighbouring houses that a serious explosion was imminent.

On receipt of the request for help, Lieutenant Rowlandson, with Walton, Anderson and Lawrence, at once collected fire extinguishers and proceeded by motor to the laboratory. They entered the building, played on the fire (which had spread considerably), and after about two minutes were able to reach the burning shell, which they dragged into the yard and extinguished there.

At any moment after the fire broke out the shell might have exploded with disastrous results.

Whitehall, August 25, 1916.

The KING has been graciously pleased to award the Decoration of the Albert Medal of the Second Class to Lieutenant Neil Mackinnon, 14th Battalion, Highland Light Infantry, in recognition of his gallantry in saving life at Blackdown on the 27th May last.

At bombing practice, one of the men under instruction failed to clear the parapet with his

bomb, which rolled down into the mud at the bottom of the trench. Lieutenant Mackinnon at once sprang forward to seize the bomb, but was impeded by the thrower, who was endeavouring to get clear; he succeeded, however, in securing the bomb after groping for it in the mud, and in throwing it clear of the trench just before it exploded.

There were two men in the trench at the time besides Lieutenant Mackinnon and the thrower, and undoubtedly a serious accident was averted by the Lieutenant's courage and coolness.

Whitehall, August 28, 1916.

The KING has been pleased, in pursuance of the provisions of the Second Schedule to the Military Service Act, 1916 (5 & 6 Geo. V, cap. 104), to appoint Mr. Gilbert Findlay Morrison, of Old Coombe, West Hoathly, to be a Member of the Appeal Tribunal for the Administrative County of East Sussex, including the County Boroughs of Brighton, Eastbourne and Hastings.

(i.) The swine shall be moved to the place of destination specified in the licence and not elsewhere and shall be there detained and isolated from other swine for twenty-eight days, unless they are slaughtered on such premises before the expiration of that period, or are moved under and in accordance with the conditions of a licence in the Form C set forth in the said First Schedule to a bacon-factory or slaughter-house in the same Scheduled Area.

(ii.) The swine shall be moved by the nearest available route and without unnecessary delay, and during the movement shall, so far as is practicable, be kept separate from all swine not being moved with a licence under this Order.

ADMIRALTY NOTICE TO MARINERS.

No. 932 of the year 1916.

ENGLAND, EAST COAST.

River Humber—Pilotage and Traffic Regulations.

Former Notice.—No. 904 of 1916; hereby cancelled.

Mariners are hereby warned that, under the Defence of the Realm (Consolidation) Regulations, 1914, the following Regulations have been made by the Lords Commissioners of the Admiralty, and are now in force:—

1. All pilotage certificates granted to masters and mates for the whole or any part of the Humber Pilotage District are suspended, and further all vessels (irrespective of draught, size, or nationality, but with the exception of those provided for in paragraph 2) bound to or from any place on the Humber must be conducted by licensed pilots over the whole or any part of the waters between Hull and the Outer Pilotage station of the Humber Pilotage District, which, until further notice, will be situated in the neighbourhood of the Bull light-vessel.

2. In the case of lighter inter-dock traffic and of small British vessels engaged in local trade above Immingham, pilotage by licensed pilots is not compulsory.

3. During the hours of official night, and during fog with visibility of less than half-a-mile, no traffic is permitted to move on the Humber below Paull point; also when these conditions prevail no vessel should enter or remain within a radius of five miles from Humber (late Spurn) light-vessel.

4. A vessel should not approach the Humber unless there is sufficient time available to enable such vessel to obtain a pilot and to arrive at her destination, or at a position in which she is permitted to anchor, before the commencement of official night.

5. No vessel should anchor whilst awaiting a pilot.

6. Vessels when leaving the Humber must proceed direct to sea. Should it be necessary to wait for the weather to moderate or clear they must remain inside the river at an authorised anchorage.

The pilot lobbies will be notified when the existence of fog outside the river is known.

7. A pilot should not board a vessel unless there is sufficient time available to enable such vessel to arrive at her destination, or at a posi-

tion in which she is permitted to anchor, before the commencement of official night. The latest time at which the pilot cutter stationed at the Bull light-vessel should board inward-bound vessels is one hour before the commencement of official night.

Vessels bound outward should not pass Hawkins Point later than 45 minutes before the commencement of official night.

8. All vessels proceeding into or out of the Humber must be navigated by way of Hawke and Sunk roads passing to the northward of the Bull light-vessel, except those outward bound from Grimsby, which may cross the Middle shoal leaving the Middle light-vessel on the starboard hand, but they must pass at once into the channel north of the Middle after rounding the light-vessel.

NOTE.—The five-fathom channel through the Sunk and Hawke roads is very narrow at the western entrance and also at a point north of the Middle light-vessel; deep-draught vessels steaming against the tide when approaching the buoys marking these portions of the channel should endeavour to avoid passing others between them by easing engines to allow ships with the tide under them to get through first. Smaller vessels outward-bound should pass close to the southward of the buoys marking the south side, and those inward-bound close to the northward of the buoys marking the north side, of the narrow portions of the channel, provided always that their draught of water and the state of the tide will admit.

9. Sailing vessels of 50 tons register and upwards when entering or leaving the Humber must be towed through Hawke road. Should tugs not be available, inward-bound vessels may anchor north-westward of the No. 2 Lower Middle light-boat at a distance of not more than $1\frac{1}{2}$ miles from it, but they must not bring the before-mentioned light-boat to bear to the southward of 128° (*S. 36^{\circ} E. Mag.*).

10. Vessels may now only pass into and out of the East end of the channel Southward of the Burcom by a passage 170 feet wide each side of which is marked by a dolphin surmounted by a black triangle supported on a white pole. The dolphins are situated abreast of the West Pier Grimsby Dock Entrance practically in mid-channel.

Vessels making use of this passage are cautioned to keep well in the middle of the opening and are subject to the following regulations:—

1. Vessels navigating against the tide must in all cases give way to those navigating with the tide.

2. No vessel must approach the defences in this part of the river nearer than a quarter of a mile except to pass through the before-mentioned passage or to enter Grimsby Docks.

3. No vessel may tow more vessels at one time than she can safely navigate through the passage and under no circumstances is the tow to comprise more than three craft.

4. Distant signals will be shown from the flagstaff on the West Pier at the Grimsby Dock Entrance as follows:—

(a) Two black balls will denote that the passage is open.

(b) Three black balls will denote that the passage is closed.

(c) No signal being hoisted denotes that traffic is suspended.

When signal (b) three black balls is hoisted, no vessel may approach the passage, and when traffic is suspended no vessels, other than H.M. ships on special duty, may use the passage.

11. PROHIBITED ANCHORAGE AREAS.

I. Anchorage is prohibited for all vessels between two imaginary lines:—

(a) Joining Stone Creek coast guard flag-staff and the eastern extremity of the eastern jetty at Immingham.

(b) Joining the riverward beacon of the two centre measured mile beacons on Sunk island and the northernmost of two clumps shown southward of Stallingborough on Admiralty Chart No. 109. The latter line passes through the position of No. 6 Upper Burcom buoy.

II. No merchant vessel shall anchor (except when granted special permission) between the before-mentioned prohibited anchorage area No. 1. and the line of transit of the eastern measured mile beacons on Sunk island produced to the Lincolnshire shore or (except as provided for in paragraph 9) to the northward of the line of the Killingholme leading lights or within $1\frac{1}{2}$ cables of any of the Admiralty mooring buoys.

III. Anchorage is prohibited to merchant vessels over the whole of Grimsby roads to the eastward of the line joining New Clee railway station and Patrington Church.

IV. No vessel may anchor in the area eastward of Grimsby Docks shown as prohibited on Admiralty Chart No. 109 "Entrance to the River Humber."

12. All vessels entering or leaving Grimsby Docks must pass to the southward of the No. 4 Lower Burcom gas-float except those bound up and down the river inside the Burcom shoal which are exempted from this condition, but no vessel may cross the Burcom shoal between the No. 5 Middle Burcom and No. 4 Lower Burcom buoys.

13. No vessel may approach within a quarter of a mile of the boom defence or within three cables of any of H.M. ships at anchor in the Humber provided the depth of water and circumstances of navigation will admit of keeping this distance.

14. All vessels employed in laying moorings, raising wrecks, etc., must be passed at slow speed, propelling engines being eased at least 300 yards before reaching such vessels, and so continued for 150 yards after passing them. While the said mooring or wreck raising craft are at work they will each fly a red flag.

15. No tug is permitted to tow more than three craft at one time through a gateway of the boom defence. Owners of tugs may apply to the Humber Conservancy Board for pilot licences for the masters of their vessels, which will enable them to pilot their own vessels and river craft comprising their tow (in certain parts of the river). The number of craft towed will be restricted according to the power of the tug.

16. Humber Rule No. 18 is to be strictly enforced. No sound signals other than navi-

gation signals authorised by the Regulations for Preventing Collisions at Sea, and by Humber Rules Nos. 14 to 16 (inclusive) at all times of the day or night; and No. 17 during the day only, are on any account to be used by vessels in any part of the Humber, the Old Harbour at Hull, or within any of the docks at Hull, Immingham or Grimsby.

17. Owners of small vessels plying in the vicinity of the Humber are instructed not to paint their craft *light grey*, and are hereby directed to have any vessels so coloured re-painted. They are warned that small vessels painted *grey* run a great risk of being fired upon in mistake for submarines. Vessels painted *black* run the least risk.

REGULATIONS AFFECTING SMALL CRAFT IN THE VICINITY OF CLEETHORPES.

18. Pleasure boats may ply for hire at Cleethorpes only between the eastern and western sewer outfall beacons, and must keep within a distance of one mile from the shore. No vessel is allowed to shrimp, fish with lines, trawl, deposit or take up whelks, or anchor southward of the prohibited area shown on Admiralty Chart No. 109 between Grimsby docks entrance and a line drawn across the river three miles below it. Notwithstanding anything in these Orders, rowing boats may pass along the shore at Cleethorpes, but they must keep within 400 yards of the high water mark of spring tides.

EXCURSIONS BY WATER.

19. Excursions by water are limited to the River Humber above Hull, and the Rivers Ouse and Trent. Excursion steamers will not be allowed to ply without a permit from the Admiralty Port Officer, Dock Offices, Immingham, and in no case are they to pass to the eastward of an imaginary line joining Victoria Dock entrance, Hull, and the east beacon on Skitter ness.

Variation.— 16° W.
